Instructions for Baking & Decorating
Dinosaur Cakes

PLEASE READ THROUGH INSTRUCTIONS BEFORE YOU BEGIN.
IN ADDITION, to decorate cakes you will need:

- Wilton Decorating Bags and Couplers or Parchment
  Triangles
- Tips 3, 5, 18, 21 (alternate designs also use tips 4, 8, 12, 16, 352, 366)
- Wilton Icing Colors in Kelly Green, Rose, Black, Leaf Green, Lemon Yellow (alternate designs also use Orange, Red-Red, Golden Yellow, Violet)
- Cake Board, Fanci-Foil Wrap or serving tray
- One 2-layer cake mix or make your favorite layer cake recipe
- Buttercream Icing (recipe included)
- Alternate designs use Wilton Vanilla Whipped Icing Mix, Wilton Gelatin Treats Recipe (included), 3 oz. packages strawberry gelatin (8 pks. needed), spice drops (green, purple, red, black), large marshmallows, granulated sugar, cornstarch, light corn syrup, rolling pin, sharp knife

We recommend hand washing pan in warm, soapy water.

To Decorate Dinosaur
You will need tips 3, 5, 18, 21; Wilton Icing Colors in Kelly Green, Rose, Black, Leaf Green, Lemon Yellow, light corn syrup, cornstarch. We suggest that you tint all icings at one time while cake cools. Refrigerate tinted icings in covered containers until ready to use. Bring to room temperature for decorating.

Make 5 ½ cups buttercream icing:
- Tint ¼ cup green/lemon yellow combination
- Tint ½ cup dark Kelly green
- Tint ¼ cup rose

Decorate in Order:
1. Ice sides and background of cake smooth with thinned white icing.
2. Use tip 3 and dark Kelly green icing to outline and pipe in spikes, nostrils and nails (smooth with finger dipped in cornstarch).
3. Use tip 3 and leaf green/lemon yellow combination icing to pipe in area around nostril (smooth with finger dipped in cornstarch).
4. Use tip 3 and dark Kelly green icing to outline outer nostril area.
5. Use tip 3 and rose icing to outline and pipe in inside of mouth (smooth with finger dipped in cornstarch).
6. Use tip 3 and white icing to outline and pipe in teeth and white of eye (smooth with finger dipped in cornstarch).
7. Use tip 3 and black icing to outline and pipe in pupil (smooth with finger dipped in cornstarch).
8. Use tip 3 and dark Kelly green icing to outline body, arms, head and tail.
9. Use tip 5 and yellow icing to pipe stripes on stomach and under tail area.
10. Use tip 18 and leaf green/lemon yellow combination icing to cover body, arms, head and tail with stars.
11. Use tip 21 and white icing to pipe shell bottom border.

Make 3½ cups buttercream icing:
- Tint ¼ cup yellow (thin with 2 tablespoons light corn syrup)

Decorate in Order:
1. Ice entire cake smooth with thinned yellow icing.
2. Use tip 4 and violet icing to outline body, head, arms, tail and feet.
3. Roll out marshmallows on surface sprinkled with cornstarch; cut into circle for white of eye and triangles for teeth. Position on cake.
4. Roll out red, green, black spice drops on surface covered with granulated sugar and cut into circles. Position black for eye, red for nose and green for spots on body.
5. Roll out purple spice drops on surface covered with granulated sugar and cut into triangles for spikes and nails. Position on cake.

To Decorate Prehistoric Party Animal
You will need tip 4; Wilton Icing Colors in Lemon Yellow, Violet; spice drops (green, purple, red, black), large marshmallows, granulated sugar, cornstarch. We suggest that you tint all icings at one time while cake cools. Refrigerate tinted icings in covered containers until ready to use. Bring to room temperature for decorating.

Make 5 ½ cups buttercream icing:
- Tint ½ cup yellow
- Tint ½ cup black
- Reserve 2½ cups white (thin 2 cups with 2 tablespoons light corn syrup)
To Decorate Rocking Reptile

You will need tips 3, 16, 21; Wilton Icing Colors in Orange, Red-Red, Black, Lemon Yellow, Golden Yellow, Rose; light corn syrup. We suggest that you tint all icings at one time while cake cools. Refrigerate tinted icing in covered containers until ready to use. Bring to room temperature for decorating.

Make 5½ cups buttercream icing:
- • Tint ¼ cup orange/red-red combination
- • Tint ½ cup lemon yellow/golden yellow combination

Decorate in Order:
1. Ice sides and background of cake smooth with thinned white icing.
2. Use tip 3 and rose icing to outline and pipe in inside of mouth (smooth with finger dipped in cornstarch).
3. Use tip 3 and black icing to outline and pipe in pupil and nostril (smooth with finger dipped in cornstarch).
4. Use tip 3 and orange/red-red combination icing to outline and pipe-in outer nostril area.
5. Use tip 3 and black icing to outline white of eye, outer nostril area, teeth, nails, spikes, body, tail, head and arms.
6. Use tip 3 and white icing to pipe in white of eye, teeth, nails (smooth with finger dipped in cornstarch).
7. Use tip 3 and white icing to pipe dot eye highlight (smooth with finger dipped in cornstarch).
8. Use tip 16 and lemon yellow/golden yellow combination icing to cover spikes, stomach and under tail with stars.
9. Use tip 16 and orange/red-red combination icing to cover head, body, tail and arms with stars.
10. Use tip 21 and white icing to pipe shell bottom border.

To Decorate Giant Gelatin

You will need tips 8, 12, 352, 366; Wilton Icing Colors in Black, Leaf Green, Lemon Yellow; Wilton Vanilla Whipped Icing Mix; Wilton Gelatin Treats Recipe (4 recipes needed); 3 oz. packages strawberry gelatin (8 pks. needed). We suggest that you tint all icings at one time while gelatin sets. Refrigerate tinted icings in covered containers until ready to use.

Make entire package of Vanilla Whipped Icing Mix:
- • Tint ¼ cup green
- • Tint ½ cup yellow
- • Reserve 2½ cups white (thin 2 cups with 2 tablespoons light corn syrup)

Decorate in Order:
1. Pour 4 recipes of Wilton Gelatin Treats into pan that has been sprayed with non-stick vegetable pan spray. Refrigerate until firm; unmold.
2. Use tip 12 and white icing to pipe-in white of eye.
3. Use tip 8 and black icing to pipe in mouth.
4. Use tip 366 and white icing to pipe-in teeth.
5. Use tip 366 and green icing to pipe-in spikes.
6. Use tip 352 and green icing to pipe-in nails.
7. Use tip 8 and yellow icing to pipe stripes on stomach and under tail.

Wilton Method Classes

Discover The Fun of Cake Decorating!

Wilton Method Decorating Classes

Course I - Cake Decorating
Stars, shells, roses and floral sprays give you the fundamentals to create so many cakes. Add messages and create fun, figure-piped shapes.

Course II - Flowers and More!
Build on the basics with beautiful blooms like daisies, pansies, violets and daffodils. Use these flowers and techniques like basketweave and color flow, to create a fabulous bouquet cake for a sweetheart, Mom, sister, or friend.

Course III - Fondant and Tiered Cakes
Cookbook Basics, advanced flowers and stringwork expand your decorating horizons. Lessons in rolled fondant and tiered cake assembly culminate in an elegant cake suitable for a wedding, formal shower or fancy party.

In Canada, call (416) 679-0790 x200 Or E-mail: classprograms@wilton.ca

Millions have learned how much fun cake decorating can be in Wilton Method Classes. Our students keep coming back for more, because each Wilton Class helps anyone get beautiful results – even those who have never decorated before! The secret of success? Wilton Method Instructors. Their friendly, patient way of teaching makes learning a pleasure. Our Instructors work with you, giving personal attention to help you perfect each technique. Wilton Method Instructors make learning fun.

Wilton Method Classes
4 sessions per course

Course I - Cake Decorating

Course II - Flowers and More!

Course III - Fondant and Tiered Cakes

Wilton and Gum Paste

In this new course, you’ll experiment a variety of fondant techniques and the beauty of decorating with gum paste. Create flowers and accents with beautiful detail; see how to use tools to cut and shape amazing textured ribbons and borders.

Project Classes

Focus on one fabulous decorating project. We have more to choose from than ever – Pre-baked Gingerbread Houses, Fondant Cakes, Star Character Cakes, Cookie Blossoms, Mini Cakes, Candy and more.

*Not all classes are offered at all store locations. Check with your local retailer for class offerings.
Baking Instructions
Preheat oven to 350°F or temperature per recipe directions. Before first and after each use, we recommend hand washing pan in warm soapy water. Your cake will unmold easily, without sticking, when you prepare the pan properly. Grease the inside of pan using a pastry brush and solid vegetable shortening (do not use butter, margarine or liquid vegetable oil). Spread the shortening so that all indentations are covered. Sprinkle about 2 tablespoons flour inside pan and shake so that flour covers all greased surfaces. Turn pan upside down and tap lightly to remove excess flour. If any shiny spots remain, touch up with more shortening and flour to prevent cake from sticking. (You can use vegetable oil pan spray or Wilton Cake Release or Wilton Bake Easy™ Non-Stick Spray, in place of shortening and flour). Make one 2-layer cake mix according to package or recipe directions. Pour the cake batter into pan, and if necessary, spread the batter around with a spatula to fill all areas of the pan evenly. Be careful not to touch sides or bottom of pan. Bake cake on middle rack of 350°F oven for 40-45 minutes or until cake tests done according to recipe directions.
Remove cake from oven and cool on cake rack for 10 minutes. While the cake is still in the pan, carefully slice off the raised center portion of the cake. This allows the cake to sit more level and helps prevent cracking. To remove cake from pan, place cooling rack against cake and turn both cake rack and pan over. Lift pan off carefully. Cool cake at least 1 hour. Brush loaf crumbs off cake. To transfer cake to serving board, hold a cake board against cake and turn both cake and rack over. Lift off rack. Hold another board against bottom of cake and turn cake over. Be sure to hold cake, rack and board close together while turning to prevent cake from cracking.

Using Your Decorating Bag and Coupler
You can make many different designs with just one decorating bagful of icing by using the Wilton Featherweight or Disposable Decorating Bags and Coupler and changing decorating tips. Just follow these steps:
1. Screw ring off coupler to expose series of tiny threads (about 30 to 45). Thread tips onto coupler and screw ring on. Make sure coupler is seated firmly and ring is secure. To close, unfold cuff and twist top of bag shut. Hold twist between your thumb and forefinger. To change tips, unscrew ring, replace tip with a pair of scissors.
2. Place decorating bag on tip of coupler with the end of the bag about 1/4 in. above coupler base. Hold the bag just one inch above a cake and squeeze upward to fill the tip. For piped rings, start squeeze slightly above the top of the ring and remove pressure and pull tip away.
3. To fill bag with icing, lift bag upward and pull on coupler. The bag will fill as pressure is applied to the bag. To fill bag further, squeeze bag gently until air is released. Important: You cannot create any air bubbles in the tip of the bag.
4. To stabilize bag, place a spatula against the top of the bag and stabilize as you fill. Pull coupler to one side and fill bag to 1/2 full. You can practice filling bags without the coupler.
5. To fill bag and coupler with icing, hold bag 1/2 in. above coupler base. Fill bag no more than half full, and fill bag no more than 1/2 full when using Wilton Non-Stick bags.
6. To leave air bubbles in the bag, hold bag 1/4 in. above a surface and squeeze. Hold until icing flows out of bag to allow air bubbles to escape. To close, twist bag top between your thumb and forefinger. To change tips, unscrew ring, replace tip with a pair of scissors.

Decorating With Wilton Icings
Wilton Icing Mix: You will need two 2-3 packages of Creamy White Icing Mix. To prepare, follow package directions. Each package makes about 2 cups icing. Excellent for tinting any shade required. Do not refrigerate icing before decorating. Cake may be refrigerated after it is iced.
Wilton Ready-to-Use Decorator Icing: You will need approximately 2-3 cans of our delicious white icing. Each 10.5 oz. can holds about 2 cups. It’s ideal for all of your decorating needs – frosting, decorating and flower making.

Making Buttercream Icing
The thick, but creamy texture of this flavorful icing makes it ideal for decorating. For best results, keep icing bowl in refrigerator when not in use. It can be refrigerated in an airtight container for up to 2 weeks. Bring to room temperature for decorating. Rewhip before using.
1/2 cup solid vegetable shortening
3/4 cup (1 stick) butter or margarine, softened
1 teaspoon Wilton Clear Vanilla Extract
4 cups (1 lb.) sifted confectioners’ sugar
2 tablespoons milk
Cream butter and shortening with electric mixer. Add vanilla. Gradually add sugar, one cup at a time, beating well on medium speed. Scrape sides and bottom of bowl often. When all sugar has been mixed in, icing will appear dry. Add milk and beat at medium speed until light and fluffy. To thin for icing cake, add a small amount of light corn syrup. For Chocolate Buttercream: Add 1/4 cup cocoa or three 1 oz. unsweetened chocolate squares, melted, and an additional 1 to 2 tablespoons milk to recipe. Mix until well blended. Yield: 3 cups.

Coloring Your Icing
Wilton Icing Colors are best for decorating because they are concentrated and give the deepest, most vivid icing colors. Use a toothpick to swirl icing color into icing, then mix well. Add color gradually until you get the icing color you desire.

Let’s Practice Decorating
Use decorating bag and coupler as directed. Practice each of the following techniques on the back of a cookie sheet with white icing. The practice decorations can be scraped off the cookie sheet back into the mixing bowl and rewhipped for use again. To hold bag while decorating, curl fingers around bag with the end twist locked between your thumb and index finger. This forces the icing down into the tip each time you squeeze. Apply even pressure with all four fingers and icing will come out of the tip until you stop squeezing. As you decorate, periodically twist the bag down further, forcing the icing down into the tip. Use fingers of other hand to guide as you decorate.
For more information on decorating, refer to the Wilton Yearbook of Cake Decorating or visit www.wilton.com.

Icing Smooth With A Spatula
With a spatula, place icing on cake. Spread icing over area to be covered. For a smooth effect, run spatula lightly over the icing in the same direction, blending it in for an even look. For a fluffy effect, swirl icing into peaks using the edge of the spatula.

To Make Outlines
Use tip 3, 352 or 366. Hold bag at a 45° angle and touch tip to surface. Squeeze at starting point so that icing sticks to surface. Now raise the tip slightly and continue to squeeze. The icing will flow out of the tip while you direct it along surface. To make large dots, lift tip as you squeeze to allow greater amount of time you apply pressure to the bag. To make a row of shells, rest head of one on tail of preceding shell. For large dots, lift tip as you squeeze to allow greater amount of time you apply pressure to the bag. To make large dots, lift tip as you squeeze to allow greater amount of time you apply pressure to the bag. To make large dots, lift tip as you squeeze to allow greater amount of time you apply pressure to the bag.

To Make Stripes
Use tip 5 or 8. Hold decorating bag at a 45° angle to surface. As you squeeze out icing with a steady, even pressure, move tip in a vertical direction, laying out a string of icing. To end a stripe, stop pressure and pull tip away.

To Make Shells
Use tip 21. Hold decorating bag at a 45° angle, slightly above surface with end of bag pointing towards you. Squeeze until icing builds up and fans out into a base as you lift tip slightly. Relax pressure as you lower tip until it touches surface. Stop pressure and pull tip away without lifting tip off surface to draw shell to a point. Practice this procedure until you can produce a clean shell shape. To make a row of shells, rest head of one on tail of preceding shell. For larger shells, increase pressure; for smaller shells, decrease pressure.

To Make Stars
Use tip 16 or 18. Hold bag straight up and down at a 90° angle (see illustration) with tip 1/2 in. above surface. Squeeze until a star is formed, then stop pressure and pull tip away. Your stars will be neatly formed only if you stop squeezing before you pull the tip away.

To Make Dots
Use tip 8. Hold bag at 90° angle with tip almost touching surface. Steadily squeeze out a dot of icing, lifting the bag slightly and keeping tip in icing as it builds up into a small mound. Then stop pressure and pull tip away. Vary size of dots by lengthening the amount of time you apply pressure to the bag. To make large dots, lift tip as you squeeze to allow greater icing buildup.

Cake Release
For perfect, crumb-free cakes! No need to grease and flour your baking pan—Cake Release coats in one step. Simply spread Cake Release lightly on pan bottom and sides with a pastry brush and fill with batter. Cakes release perfectly without crumbs every time, giving you the ideal surface for decorating. Now in convenient dispensing bottle. Certified Kosher. 8 oz. 702-6016
